

## DIRECTIONS FOR USE

**IRON-AIDE®** is non-phytotoxic. It can be applied with most insecticides, fungicides and herbicides, as well as foliar nutrients. Avoid mixing with phosphorus products. Always check compatibility before mixing. Follow the mixing sequence: 1. water, 2. **IRON-AIDE®** 3. pesticide and/or fertilizer.

**IRON-AIDE®** can be applied foliarly or injected into irrigation systems. Foliar application is recommended when fast correction is desired. Addition of a wetting agent will assure even distribution on leaf surfaces and aid absorption. For best results, spray when plants are in an active growth state. Foliar apply either early or late into the day for maximum leaf penetration. Applications should be made when there is little dew to prevent run-off.

## APPLICATION RATES

**TURF:** Use the following rates with sufficient water for thorough coverage. Spray to the point of run-off.

	COVERAGE	IRON-AIDE®
Bluegrass-Pyegrass, and Other Northern Grasses	1,000 sq. ft./acre	3-6 oz./1-2 gals.
Bahia, Bent, Bermuda, Centipede, Fescues, St. Augustine, and Zoysia	1,000 sq. ft./acre	3-5 oz./1-1.5 gals.

ORNAMENTALS:	COVERAGE	IRON-AIDE®
Shrubs: To point of run-off	*Foliar-Thorough cover spray. Soil-Apply beneath foliage inside drip line. Water in well.	4-6 oz./100 gals. Water Small Shrubs 5-6 oz. Undiluted; Large Shrubs 10-12 oz. Undiluted
Trees:	*Foliar-Thorough cover spray to point of run-off. Soil-Apply beneath foliage inside drip line. Water in well.	6-8 oz./100 gals. Water 1 pt. per 1" of trunk diam. measured at chest height

BEDDING PLANTS:	COVERAGE	IRON-AIDE®
Annuals, Perennials, Bulbs:	*Foliar-Thorough cover spray to point of run-off. Soil-Apply to 100 Sq. Ft. of plant bed and Water in well	8 oz./25 gals. Water 4-6 oz./3 gals. Water

**IRRIGATION SYSTEMS:** Inject at the rate of 50-100 ppm. Repeat every 4-5 weeks. May be added to irrigation water containing N or K fertilizer solution.

\*NOTE: In foliar sprays use a non-ionic wetting agent for more even leaf coverage.

## WARNING

**Causes skin and serious eye irritation. May cause respiratory irritation.  
May cause damage to central nervous system and lungs through prolonged or repeat exposure.**

**Prevention:** Do not breathe vapors, mists or sprays. Wash thoroughly after handling. Wear protective gloves, protective clothing, chemical splash proof goggles, and face protection. Use only outdoors or in a well-ventilated area.

**Response:** Get medical attention / advice if you feel unwell.

**If on skin:** Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention / advice.

**If inhaled:** Remove person to fresh air and keep comfortable for breathing. Get medical attention if you feel unwell.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice / attention.

**Storage:** Store in well-ventilated place. Keep container tightly closed. Store locked up.

**Disposal:** Dispose of contents / containers in accordance with local / regional / national regulations (See Section 13 of SDS). Containers may be triple rinsed and offered for recycling.

## CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. THE SELLER'S LIABILITY UNDER THIS WARRANTY IS LIMITED IN AMOUNT TO THE PURCHASE PRICE OF THE PRODUCT. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THIS STATEMENT.

## GENERAL INFORMATION

**IRON-AIDE®** is designed for use by professional groundskeepers, golf course superintendents, chemical lawn care and maintenance companies, sod growers, nurseries, landscapers and others whose business it is to maintain fine turf grasses, ornamentals and plant beds.

**IRON-AIDE®** contains two essential "green-up" nutrients required by most plants: iron and manganese. They are essential in the manufacture and synthesis of chlorophyll and are active in photosynthesis. Results are usually apparent in a few days. The excellent water solubility and non-phytotoxicity of **IRON-AIDE®** makes it a natural product for foliar application

## GUARANTEED ANALYSIS

Secondary and Micro Plant Nutrients

Water Soluble Manganese (Mn) ..... 0.80%  
Water Soluble Iron (Fe)..... 5.00%  
Chelated Iron (Fe)..... 3.75%  
Sulfur, Combined as S ..... 2.50%

Derived from:

Iron Sulphate, Manganese Sulphate, and Iron  
Lignon Sulphonate.
