

DIRECTIONS FOR USE

LIQUID MG™ Magnesium Complex can be applied with most pesticides and fertilizers except high phosphate materials. Always check compatibility before mixing. Follow the mixing sequence: **1)** Water, **2)** **LIQUID MG™** Magnesium Complex, **3)** Pesticide and/or fertilizer.

LIQUID MG™ Magnesium Complex can be applied foliarly or injected into irrigation systems. Foliar application is recommended when fast correction is desired. For best results, foliar apply either early or late in the day for maximum leaf penetration. Applications should be made when there is little dew to prevent run-off.

APPLICATION RATES

TURF: Use the following rates with sufficient water for thorough coverage. Spray to the point of run-off. Three to four applications per growing season is usually sufficient.

ORNAMENTALS:	COVERAGE	LIQUID MG™
Shrubs:	*Foliar-Thorough cover spray to point of run-off.	4-6 qts./100 gals. water (2 oz. per gal.)
	Soil-Apply beneath foliage inside drip line. Water in well.	Small Shrubs 5-6 oz. Undiluted; Large Shrubs 10-12 oz. Undiluted
Trees:	*Foliar-Thorough cover spray to point of run-off.	6-8 qts./100 gals. water (3 oz. per gal.)
	Soil-Apply beneath foliage inside drip line. Water in well.	1 pt. per 1" of trunk diam. measured at chest height

BEDDING PLANTS:	COVERAGE	LIQUID MG™
Annuals:	*Foliar-Thorough cover spray to point of run-off.	1 qt./25 gals. water (1 1/4 oz. per gal.)
Perennials, Bulbs:	Soil-Apply to 100 Sq. Ft. of plant bed and water in well	4-6 oz./3 gals. water

IRRIGATION SYSTEMS: Inject at the rate of 50-100 ppm. Repeat every 4-6 weeks. May be added to irrigation water containing N-P-K fertilizer solution.

*NOTE: In foliar sprays use a non-ionic wetting agent for more even leaf coverage.

STORAGE: **LIQUID MG™** Magnesium Complex is corrosive to aluminum, non-stainless steel and brass. Store and/or ship in polypropylene, fiberglass or stainless steel containers. Use only stainless steel or PVC fittings. Store in a cool place in original container in a locked storage area inaccessible to children, pets or wildlife.

Container Disposal: Do not reuse empty containers. Rinse thoroughly before discarding in trash.

Caution: Harmful if swallowed. Avoid contact with eyes, skin, and clothing. Avoid breathing spray mist. Corrosive.

READ LABEL! FOLLOW DIRECTIONS!

WHAT TO DO IN CASE OF CONTACT:

If Swallowed: Induce vomiting. Immediately call physician.

Eye Contact: Flush eyes with clean water for 15 minutes. Immediately call physician.

Skin Contact: Remove contaminated clothing and wash skin with soap and water. Call a physician if irritation develops or persists.

If Inhaled: Move to fresh air and call a physician if irritation develops or persists.

If there is contact made with the spray solution containing pesticides and/or spray adjuvants, follow the "Statement of Practical Treatment" on the product labeling.

NOTICE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions or use. Since weather, crop, soil and other conditions may vary, **TEE-TO-GREEN TURF PRODUCTS, INC.** makes no warranty of any kind, express or implied, concerning the use of this product. The user assumes all risks of use or handling whether or not in accordance with directions or suggestions.

GENERAL INFORMATION

LIQUID MG™ Magnesium Complex contains Magnesium and Sulphur, both essential for vigorous growth and dark green color. They are constituents of chlorophyll and are active in photosynthesis. They help regulate the uptake of other nutrients, particularly phosphate.

LIQUID MG™ Magnesium Complex is formulated for use on turfgrasses, ornamentals, bedding and other plants to prevent or correct a deficiency. It is derived from nutrient sources that are totally available to growing plants. It is non-phytotoxic and quick acting with results usually apparent in a matter of days.
