

DIRECTIONS FOR USE

LIQUID MN™ Manganese Complex can be applied with most pesticides and fertilizers except high phosphate materials. Always check compatibility before mixing. Follow the mixing sequence: 1. water, 2. **LIQUID MN™** Manganese Complex 3. pesticide and/or fertilizer.

LIQUID MN™ Manganese Complex can be applied foliarly or injected into irrigation systems. Foliar application is recommended when fast correction is desired. For best results, foliar apply either early or late in the day for maximum leaf penetration. Applications should be made when there is little dew to prevent run-off.

APPLICATION RATES

TURF: Use the following rates with sufficient water for thorough coverage. Spray to the point of run-off. Three to four applications per growing season is usually sufficient

	COVERAGE	LIQUID MN™
Bluegrass-Ryegrass, and Other Northern Grasses	1,000 sq. ft./acre	3-6 oz./1-2 gals.
Bahia, Bent, Bermuda, Centipede, Fescues, St. Augustine, and Zoysia	1,000 sq. ft./acre	3-4 oz./1/2 - 2 gals.

STORAGE: **LIQUID MN™** Manganese Complex is corrosive to aluminum, mild steel and brass. Store and/or ship in polypropylene, fiberglass or stainless steel containers. Use only stainless steel or PVC fittings.

Store in cool place in original container in a locked storage area inaccessible to children, pets or wildlife.

WARNING

May cause damage to central nervous system through prolonged or repeat exposure.

Prevention: Do not breathe vapors, mists or sprays. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area.

Response: Get medical attention / advice if you feel unwell.

Storage: Keep container tightly closed when not in use.

Disposal: Dispose of contents / containers in accordance with local / regional / national regulations (See Section 13 of SDS).

GENERAL INFORMATION

LIQUID MN™ Manganese Complex contains manganese and sulphur, both essential for vigorous growth and dark green color. They are constituents of chlorophyll and are active in photosynthesis. They help regulate the uptake of other nutrients, particularly phosphate.

LIQUID MN™ Manganese Complex is formulated for use on turfgrasses, ornamentals, bedding and other plants to prevent or correct a deficiency. It is derived from nutrient sources that are totally available to growing plants. It is non-phytotoxic and quick acting with results usually apparent in a matter of days.
