“Superior Solutions for Turf Professionals”

NET CONTENTS: ONE GALLON

GENERAL INFORMATION

RAINFAST™ will save you money by working in harmony with your fungicides, herbicides, insecticides and growth regulators. RAINFAST™ is not a synthetic or petroleum based adjuvant. Rather, it is a patented formula derived from natural cereal grains from the grain-belt, USA. It works by coating leaf surfaces with micro sponge technology and becoming rainfast. Increased rainfastness results in:

- Reduced spraying frequency
- Increased contact time on foliage
- Cost saving due to more efficient use of active ingredients.

DIRECTIONS FOR USE

SHAKE BEFORE USE.
Use 4 to 16 oz. per acre.
Add to spray solution while agitating.

STORAGE AND DISPOSAL

Store in areas inaccessible to children. Do not reuse empty container. Wrap and discard in trash. Any disposal practice must be in compliance with Local, State and Federal regulations.
